

Risk Assessment Information

GNM Education Centre

This risk assessment is to help your visit to the Guardian News and Media Education Centre. You will need to add your own details of the journey and any special needs of your group. GNM bears no responsibility for the safety of children traveling to and from its premises.

Groups receive a health and safety briefing on arrival at the Education Centre room.

Insurance details: Guardian News and Media has both Public and Employers Liability Insurance. Full details of these policies can be found on the Education Centre website theguardian.com/qnmeducationcentre

Area	Hazard present	Risk Level	Measures in place (Action)
<p>Entrance</p> <p>Rotating door at entrance Congestion through doors</p> <p>Escalator up to reception</p>	Slips and trips	Low	<p>Groups must always be under close adult supervision (teacher) adhering to guidelines issued to schools.</p> <p>Students line up in an orderly manner. There is a revolving door at the entrance. For ease of access to the building the teachers should use the door adjacent to the revolving door. The Security Guard may open the door. If the Guard is not there ring the bell at the side of the door and reception will open it.</p> <p>Security Guard will inform reception staff of group's arrival.</p> <p>Groups to line up in exhibition area away from entrance and escalators. A member of the security/reception staff will escort the group to the reception where you will meet a member of the Education Centre team who will take the group onto the Education Centre.</p> <p>Use escalator in single file keeping to the left. Emergency stop buttons if required.</p>

<p>Moving through electronic gates</p> <p>Walk to Education Centre</p>			<p>There is also a lift behind the escalator for students with access issues.</p> <p>Group collected by Education Centre staff. Security to disarm gates and see group through.</p> <p>The building is new and well-managed with an excellent standard of housekeeping.</p> <p>There are no trailing cables across access routes.</p> <p>Group will be escorted from the Education Centre back to reception at the end of the workshop session.</p>
Education Centre	<p>Slips and trips</p> <p>Electrical hazard</p> <p>Display screen equipment</p>	Low	<p>Groups must always be under close adult supervision (teacher) adhering to guidelines given to schools. Appendix 1

Personal Emergency Evacuation Plan (PEEP) – students/pupils (Education Centre 1st floor)

Nature of Disability

For pupil/student(s) coming to Education Centre having disabilities of i.e. less able to walk, wheelchair bound etc we are implementing an on-going PEEP to cover all unknown pupil/student(s) during the week.

If we have a pupil/student(s) coming in that is wheelchair bound or less able to walk the Education Centre team will inform reception who will in turn contact KP Security/management to activate the PEEP.

Event area

Pupil/student(s) that are attending school classes in Education Centre will be looked after by one of the Education Centre team. The team are aware that the refuge point that should be used is fire exit 4 on 1st floor.

The agreed emergency plan

In an event of a fire evacuation or other emergency the pupil/student(s) with mobility issues will be escorted to the refuge point on fire exit 4 on 1st floor along with one of their teachers. Building security team/building management will be informed of the visitors' location via the Emergency Intercom System. The pupils/student(s) and teacher will then wait to be collected by either Kings Place Security team/Fire Brigade. If the fire evacuation or other emergency occurs while the class is having their packed lunch in the canteen the nearest available fire exit and refuge point will be used.
