Resolution on Sustainable Funding of the Pacific Islands Forum Secretariat

The Leaders of the Member Governments of the Pacific Islands Forum:

Recalling Forum Leaders admitted French Polynesia and New Caledonia as full Members of the Forum, on 10 September 2016 at the 47th Pacific Islands Forum in Pohnpei, Federated States of Micronesia, which necessitates a readjustment of the shares set out in the Annex to the Agreement Establishing the Pacific Islands Forum Secretariat done at Tarawa, Kiribati on 30 October 2000 (the Agreement);

Recalling also that Forum Leaders agreed at the 47th Pacific Islands Forum to accord the status of Smaller Island State to the Federated States of Micronesia, which necessitates a readjustment to its share;

Acknowledging that the shares contained in the Annex have not been reviewed since they were set in 1996, that membership contributions have remained relatively static since that time and no longer adequately fund the operating costs of the Secretariat;

Aware that the Secretariat’s funding needs to be sustainable, to ensure it can efficiently and effectively carry out its primary policy advisory function in accordance with the Agreement, the 2005 Agreement Establishing the Pacific Islands Forum and the Framework for Pacific Regionalism;

Recognising that while prioritisation measures have been implemented to promote the centrality of the Secretariat’s policy advisory functions, reforms are also required to address structural issues affecting the Secretariat’s ability to achieve sustainable funding; and

Desiring to promote greater ownership by all Members, and equity amongst all Members, of the Pacific Islands Forum and its Secretariat and ensure the work programme is determined by Members;

(i) determine new shares for Member governments to meet the costs of the Secretariat under Article X.2 of the Agreement as set out in Annex A to this resolution, to replace those currently set out in the Annex to the Agreement effective from 1 January 2018;

(ii) agree to increase the proportion of Member contributions to be 60% of the Primary Budget (the costs of operating the Secretariat to discharge its core functions) through progressive pre-determined, incremental adjustments over a period of 9 years, starting in 2019;

(iii) institute a regular three-yearly review beginning in 2021, of the level of Assessed Contributions from members and Voluntary Contributions, with the first review to incorporate an assessment of options for an adjustment factor to address the vulnerability and financial challenges of members;

(iv) strongly encourage countries that provide Voluntary Contributions to do so on a three-yearly basis that is aligned to the three-yearly review period;
(v) approve the parameters set out in Annex B for the use of donor extra budget funding by the Secretariat;

(vi) agree that administration fees from donor extra budget funding must not be used to fund the Secretariat’s regional policy advice functions, and

(vii) agree that, any shortfall from donor extra budget funding of the cost of Service Delivery functions must be funded by user fees or special member assessments from 1 January 2019.
