1) A 4x4 clueless Sudoku

Fill the grid with the digits from 1 to 4 such that no digit appears more than once in each row or column. Each region must sum to 20.

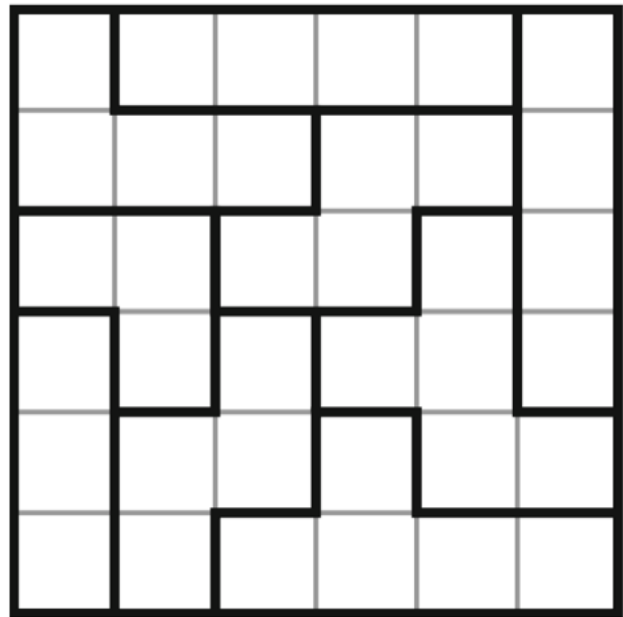

2) A 5x5 clueless Sudoku

The rules are as above, but with digits from 1 to 5. Each region must sum to 15.

3) A 6x6 clueless Sudoku

The rules are as above, but with digits from 1 to 6. Each region must sum to 14.

4) A 6x6 almost clueless Killer Sudoku

Fill in the grid with the numbers from 1 to 6, with no number appearing more than once in each row, column or region (the six-cell blocks marked in bold). The numbers in each cage (marked by dashed lines) must sum to the total marked in that cage.
