Mission Statement

“ Authorized by the UN Security Council Resolution 2803 and President Donald J. Trump’s 20-Point Plan, the National Committee for the Administration of Gaza (NCAG) is dedicated to transforming the transitional period in Gaza into a foundation for lasting Palestinian prosperity. Under the guidance of the Board of Peace, chaired by President Donald J. Trump, and with the support and assistance of the High Representative for Gaza, our mission is to rebuild the Gaza Strip not just in infrastructure but also in spirit.

We are committed to establishing security, restoring the essential services that form the bedrock of human dignity such electricity, water, healthcare, and education, as well as cultivating a society rooted in peace, democracy, and justice. Operating with the highest standards of integrity and transparency, the NCAG will forge a productive economy capable of replacing unemployment with opportunity for all. We embrace peace, through which we strive to secure the path to true Palestinian rights and self-determination. ”

Demilitarization Principles

Single Civilian Authority

One legitimate civilian transitional authority governs Gaza. First NCAG, and later PA when it completes its reforms.

One Authority, One Law, One Weapon

All weapons authorized by one authority only (NCAG).

Monopoly on Force

All militant armed groups, internal security, and police organizations dismantled or integrated into NCAG following rigorous vetting.

Palestinian-Led

Process led by Palestinians, internationally verified.

Comprehensive Decommissioning

Heavy weapons, tunnels, military infrastructure, weapons production facilities and munitions destroyed.

Personal Security for Disarmament

Heavy weapons decommissioned immediately. Personal arms registered and decommissioned by sector as NCAG police becomes capable of guaranteeing personal security.

The end state: only NCAG-sanctioned personnel may carry weapons.

Demilitarization Unlocks Investment

Reconstruction only in sectors with full disarmament.

Amnesty & Reintegration

Disarmament rewarded with amnesty & reintegration, or safe passage.

Sequenced & Verified

Phased execution with independent verification that leads to calibrated IDF withdrawal to the security perimeter based on agreed upon standards

Completion = Withdrawal

Gaza-wide demilitarization enables full IDF withdrawal to the security perimeter.

- Quantities will be consistent with what was included in the January 19, 2025, agreement regarding humanitarian aid.

”

“

- A Trump economic development plan to rebuild and energize Gaza will be created.
